T is a saying that when good men are in Government service, the benefits derived thereby will be infinite, i.e., not only their good Docks, influences will pervade through the place over agaged out of their jurisdiction is benefitted. Mr. BERNADINO S. FERNANDES, old major of police, and Mr. JERONIMO PHREIRA LIBITE, both of Alicno, are noted for their exertions for capluring thieves. About the case of Pak-shan relary, robbery, they arrested six men of our district who had gone to Maean, and in consequence our place is quiet. But their merit is still greater in setting free captives in their capacity of Superintendent of Emigration. Of the people of one district, who had been enviced away to sell themselves (as pigs), there have been COM- several tens, who had been examined by Mr. DOCK Fernandes as to the true circumstances of the above onec, and released, having a sufficient sum supsarges, plied to them to return to their native place. Thus, not only those who have received such SELS, aid are under great obligation, but those who have heard this praise them. This notice is therefore published with a view to call the attention of those who may unfortunately happen to be enticed away, that when they see the superintendent they will do well to express their and at unwillingness to emigrate, and they will pro-1.16 to bably be sent away with freight to return
